ATTENDEE HIGHLIGHTS

Open to: *Active duty Marines and Sailors, DoN federal employees and their support contractors, and PIA partners*

- Panel with Systems Command (SYSCOM), Program Executive Office (PEO), Navy Fleet Command, Marine Expeditionary Force, Marine Corps Capability Development Directorate (CDD), Office of the Chief of Naval Operations (OPNAV) leadership on how their area of responsibility plays a role in the path from Navy and Marine Corps needs to capabilities.
- Kickstart networking through exhibits/presentations/tours from varying levels within SYSCOMs, PEOs, OPNAVs, and more, as they share how their programs at the local level may be dissimilar, work with non-traditional partners, and drive effectively towards their mission
- Find interface points with other DoN talent in your ecosystem, how to benefit from their programs, or tips on how to model a similar program at your command
- Unassigned rooms and open areas for unstructured networking

Interested in Presenting or Exhibiting? Register by August 5

Agility Summit 2021 is taking submission from DoN or related programs/groups/individuals that are interested in presenting or exhibiting how they're doing great work differently (innovation, agility, empowering their workforce, working with non-traditional partners), and/or how others in the DoN can participate/interface/learn from/model after their program.
